

Lemon Cream Jello Salad

Ingredients:

- 10 oz lemon-lime soda
- 1 cup miniature marshmallows
- 8 oz cream cheese, softened and cubed
- 2 3-oz packages lemon jello
- 1 20 oz can crushed pineapple, undrained
- $\frac{3}{4}$ cup chopped pecans
- 1 cup heavy whipping cream

Method: Mix the soda, marshmallows, and cream cheese in a small pan, stirring over low heat, until the cheese and the marshmallows are completely melted. Off the heat, stir in the jello until it is dissolved. Next, stir in the **UNDRAINED** pineapple and nuts. Refrigerate this mixture until it starts to congeal. Whip the heavy whipping cream until peaks form, then fold into the jello mixture. Pour this into a greased pan or mold, cover, and refrigerate until firm.
